# **Hungry? You Won't Be When Turtle Bread Arrives**

by Jennie Veit

f you: a) live in the Field Regina Northrop Neighborhood, and b) have a stomach, oh my, are you going to be happy!

Turtle Bread Company is coming this spring.
Think baguettes, croissants, pastries, Sicilian olive bread and sweet, wonderful chocolate bread. Now keep thinking—about Tuscan white-bean salad, buffalo mozzarella, gourmet wood-fired pizzas and haute

Mediterranean cuisine. All this is going to be your favorite neighbor soon. Forget borrowing a cup of sugar—this one will provide you with breakfast, lunch, dinner and dessert.

Behind the plywood covering at the corner of 48th and Chicago, owner Harvey McLain is readying to move Turtle Bread's award-winning baking operation into new quarters. "As I looked for a new site, I wanted one in a good enough socioeconomic location to support our products, because we use the best ingredients and hand-make everything," he said. "And I wanted one that would have a connection to local residents. I want it to be a 'walk to, bring your baby in' kind of place. I want people to come here and say, 'This is MY bakery."

Besides making extraordinary baked goods for our neighborhood and shipping more to Turtle Bread's Linden Hills and downtown Minneapolis skyway stores, McLain plans to open restaurants on the 48th and Chicago site. Turtle Bread will put in a full kitchen and offer deli foods to take home. Later, another restaurant will serve breakfast and lunch, and then expand into offering wood-fired pizzas and dinner. And finally, a high-end restaurant will open to serve Mediterranean food prepared by a top New York chef.

And if you're screaming for ice cream, don't fret—McLain has leased space in the block to a gourmet ice-cream shop.

"Our goal is to overwhelm and overdeliver on what we promise," he said. "We're not interested in the ordinary. When you really aim high, it frees you to be more creative and exciting."

# Town Oaks to Build Community Center

The Board of Directors of the Town Oaks Homeowners Association, Minneapolis' oldest townhouse development (between Third and Fourth Avenues and 43rd and 44th Streets) has approved construction of a community center in its commons area. Plans are being finalized for its design, and construction is expected to begin this spring.

The facility will be multi-purpose and will have a small kitchen, restrooms, meeting area and storage area. The space will be used for association meetings, Neighborhood Watch/CCP and other neighborhood programs, National Night Out and other social gatherings and other activities. In addition to providing a long-awaited (30 years) meeting place for Town Oaks functions, the association hopes this new gathering spot will also foster a greater sense of community within and outside their complex. Watch for the Grand Opening announcement later this year.

# March 20—Voice Your Opinions on Phase 2 Priorities for the Neighborhood!

Volunteers on the NRP Phase 2 Planning Committee continue to gather information in creating the NRP Phase 2 Action Plan for the Field Regina Northrop neighborhoods. The Action Plan will direct how our neighborhoods will use Neighborhood Revitalization Program (NRP) funds over the next 15 years to improve our community. On March 20, a public meeting will be held to review what we have created so far. This is your opportunity to have a voice in the creation of this essential neighborhood roadmap to the future. All are welcome and encouraged to attend.

Various task forces have been discussing and drafting priorities in the areas of housing, business, safety, parks, schools and neighborhood communications. Last October, a survey was sent out to over 500 randomly-selected residents to gather neighborhood feedback on what residents think are the most important priorities for concentrating our NRP funding and energy. In addition, the Phase 2 Planning Committee is conducting focus groups with several under-represented neighborhood populations to gather still more information and perspectives. The March 20 meeting will present the preliminary results of the fall 2002 survey and of the focus groups, while also drawing additional feedback from residents who attend that evening.

After March 20, the Phase 2 Planning Committee will take the information gathered from all of these sources and begin to create the Draft Phase 2 Action Plan, which will be presented to the neighborhood in September. Neighborhood feedback on the draft will be incorporated into the final Phase 2 Action Plan, which will be presented to the neighborhood for a vote in November or December 2003.

# Housing and Home-Improvement Tips for All!

The 2003 South Minneapolis Housing and Home Improvement Fair will take place on Saturday, March 29, from 10 a.m. to 4 p.m. at South High, 3131 19th Avenue South. Free seminars will cover many topics related to buying, improving, maintaining and selling a home, and over 90 exhibitors will explain their services and products. In addition, there will be a woodcraft workshop for kids and hourly door-prize drawings. For information, check out www.housingfair.org.

# **Nokomis Healthy Seniors Programs**

The Nokomis Healthy Seniors program will sponsor a twopart series on health care directives to be given by Laurie Hanson of the Legal Aid Society. The first session on Wednesday, March 26, is a presentation on health-care directives. The second session on Wednesday, April 30, explains how to complete the form. Both sessions will begin at 1:30 p.m. at Faith Lutheran Church, 3430 East 51st. (In the spirit of conservation, you're asked to bring your own coffee mug to reduce the use of paper and Styrofoam®.)

Nokomis Healthy Seniors also offers a Caregiver Support Program that assists those who provide care to a frail elderly relative. The program can decrease stress by offering a listening ear, provide education about services the caregiver can access and how to handle the stress of caregiving, and offer direct assistance in the form of a respite volunteer or help in coordinating case management. The Caregiver Support Group meets the last Thursday of each month at 1 p.m. at Ebenezer Lutheran Church on 41st & Cedar. This group is open to anyone who is serving as a caregiver for a loved one. Call the office at 729-5499 if you have any questions.

# **CCP/Safe to Honor Block Clubs**

Nominations Sought for Fifth Annual Building Blocks Awards

o celebrate the 20th Anniversary of National Night Out, CCP/SAFE, a unit of the

Minneapolis Police Department, will honor 20 block clubs. If you're part of an effective one or if you know of one that really makes a difference, nominate it for one of the Fifth Annual Building Blocks Awards. These awards are given to block clubs that build a sense of community, encourage neighbors to get involved, work as a team, build connections between people, take initiative to solve problems, improve the quality of life on their blocks and work cooperatively with CCP/SAFE.

If you want to nominate a block club, your nomination must be filed by March 28. Winners receive a \$50 gift certificate for their National Night Out event in August. They also will be recognized in the media. Block leaders may get the chance to help promote the value of block clubs and the upcoming 20th Annual National Night Out by being interviewed for radio, television and/or newspapers. # The Reel Deal

t's 1976, and 20-year-old Bill Irvine withdraws most of his savings to make the one purchase he has always dreamed of—the *Parkway Theater*. Unfortunately, an out-of-towner named Jim Sparks beats him to it. Sparks changes the theater's format to adult entertainment and so begins this treasure's colorful history.

A year goes by and knowing Sparks' profits are dwindling due to protesters, Irvine approaches Sparks to see if he will consider selling. Persistence pays off and after many negotiations (including one with famed movie distributor, Al Goldstein), Irvine finally gets the keys to the theater's front door.

It's 1977, and Irvine goes to work. A movie buff since he can remember, this lifelong Shenandoah Terrace resident devotes hundreds of hours a month to finding the perfect films for his theater. He prefers to book "movies with heart," he says, usually art and foreign films from independent directors. "It's got to be good. It's a lot of work to find a film that is good; I'm always looking," says Irvine. Moviegoers seem to agree. Customers tell him that they didn't know what was playing, but they came because they knew it would be good.

Revitalization plans for the theater include new seats and drapes, but no changes in the concession stand. Inflation-proof prices are still popcorn for a quarter and Coke for 75 cents. Irvine keeps his prices low because he says, "I want people to feel comfortable in my theater—like they're in their own living room. It's hard to feel that way when you have to spend \$2.50 for a soda."

Located next to *Pepito's* on Chicago, the Parkway plays movies every day. Films run from four to six weeks and play at both 7 and 9 p.m.; check the paper for exact times.

# **Ward 11 Update**

by Council Member Scott Benson

The Minneapolis City Council recently approved a measure establishing a Five-Year Financial Direction for the City. This Financial Direction provides City departments with a clear picture of the level of financial resources that will be available over the next five years. This information allows departments to be more innovative and do effective planning. Essentially, this propos-

The city of Minneapolis anticipates a \$55-million gap between revenue and expenses over the next five years (2004–2008), based on the Five-Year Financial Forecast—even before any cuts are made to local-government aid provided to cities by the state. City leaders will take additional steps in the coming weeks and months to cut spending and bridge that gap.

In mid-January, the Minneapolis City Council approved a resolution that sets a ceiling for employee annual-wage increases at 2 percent for all future labor contracts. The measure could save the City \$35 million in future wages through 2008. For more information on the city's financial outlook see the city Web site at: www.ci.minneapolis.mn.us/financial-forecast/.

If you have any questions or want to learn about something more in depth, please feel free to e-mail me at scott.benson@ci.minneapolis.mn.us or call my office at 673-2211. I write an electronic newsletter to keep you up to date on what is happening at City Hall. If you would like to receive this update, please e-mail me.
